## RIFFIANS IN MASSACRE

## Slaughter French Garrisons

Red Tribesmen Take Seven Garrisons Near Spanish Frontier in Morocco

Columns of Troops Dashed from Fez to Stop Insurgents' Advance

BY HENRY WALES  
*(EXCLUSIVE DISPATCH)*  
LONDON, May 4.—Seven French garrisons, near the Spanish frontier in Morocco, have been seized by rebel Riffian tribesmen. The garrisons are reported to have been slaughtered.

It is estimated that about 400 Riffians are within the French protectorate to aid in the fighting.

Sir Orme denies rumors that there is an uprising or a holy war among the Riffians in the eastern part of an Arab-Moorish tribal country.

Today, military government of Morocco, this afternoon, ordered the field army to take the field against the Riffian tribes.

Commanded by Abd-el-Krim's

Spanish Morocco made important advances in the last twenty-four hours.

In the Oued Ziz valley and bordering to within thirty miles.

The rebels burned villages to the ground and beatings whom tried to aid in carrying war.

MANY CASUALTIES

Heavy clashes with French troops, the Riffs killed and many and there were casualties among French soldiers and noncommissioned officers.

Mr. Orme admitted this afternoon that the Riffians, forming the bulk of the rebels, had been defeated at a stage of its plan.

Killing their objective is to

Fez, which commands the center of the country.

The columns of Riffians are moving to cut the Rabat-Fes railway and the high road leading to the French, which will be closed.

The authorities for visitation and inquiry now have

crossed the northern

part of the Sahara, among pic-

## GOLD STANDARD ADVOCATES WIN

**Churchill Bill Passed on Second Reading in House**

**Opposition Fails in Move to Reject Proposition**

**Loan of \$300,000,000 from America Explained**

(Continued from First Page)

Mr. Snowden charged that the proposed amendment would precipitate and might aggravate the existing condition of unemployment and trade depression, explained that the Labor Party was not opposed to the gold standard, but that the motive of the Laborites was to fix full responsibility on Mr. Churchill and the government for any adverse results of hasty action. He conceded that the government had taken the decision out of the hands of Parliament and that Mr. Churchill from the legal consequences of his unconstitutional act.

## CHARGES NEEDLESS WASTE

Mr. Snowden charged the Chancellor of the Exchequer with needless waste of money in buying dollars at the expense of America, and that the bill before the house had reached parity and disagreed with the government's view that prices as between America and Great Britain had reached parity. He thought it much more likely that there was a difference of about 5 per cent and the devices which the government had adopted in order to adopt seemed to confirm the existence of danger of increasing depression and widespread unemployment.

Sir Robert S. Horn, also a former Chancellor of the Exchequer taunted Mr. Snowden with heroically and skillfully plotting a double role that any Chancellor who might again occupy that position while at the same time adopting the dashing rôle of leader of financial critics.

A number of others having spoken, Mr. Churchill proceeded to wind up the debate. He contended that no one of sufficient weight had been adduced to support the amendment. The government was only carrying out the operation Mr. Snowden himself had counselled when our own Parliament agreed that it would have been advisable to allow such long notice as until the end of the year of our Lord's intention to allow gold exports. For the remainder, then, at an inconvenient season of the year, have been a big hoard of gold waiting to be suddenly exported on removal of the embargo.

The Chancellor asserted he had

## DAKOTA GRAIN ACT IS KILLED

Supreme Court Says Grading Statute Invalid

Holds Rules Fetter Trading With Other States

Elevator Owners Lead Attack on Restrictions

(EXCLUSIVE DISPATCH)

**WASHINGTON.** May 4.—Three years ago, in a case involving Harry and Tanker, had their elevator in a building suddenly smashed by the United States National Park Service.

Justice Van Devanter, in delivering the decision today, said the right to buy grain in interstate commerce was not a State right, but a common right such that no State could fetter with conditions or control. For that reason the decision of the lower court, invalidating the act, was affirmed.

Justice Brandeis dissented, but did not present a formal dissenting opinion.

The North Dakota act "clearly violates" the majorities opinion disclosed, with Justice Supreme Court's often-maintained ruling that "A State statute, which, by its necessary operation directly interferes with or burdens such commerce, is unconstitutional."

"We know the meaning of a depreciated currency for we saw our paper dollars shrink in value until it lost almost three of those dollars," said the goldsmith.

"We know the natural unrest and resentment which these unhappy conditions create and feed upon us," he said. "The law, which is so strong, need not be affected by trans-Atlantic conditions."

He asked, "What is the question whether the resumption of gold made her dependent on the United States, but whether it made her dependent in an unwholesome and unnatural manner?"

He believed that the empire would be stronger on gold, so strong indeed, as to be able to exist side by side in amicable association with a large and powerful financial power without being prejudicially affected.

His view was that Great Britain was not dependent on America, but that the interests of the two countries were interdependent.

Mr. Snowden charged that the proposed amendment would precipitate and might aggravate the existing condition of unemployment and trade depression, explained that the Labor Party was not opposed to the gold standard, but that the motive of the Laborites was to fix full responsibility on Mr. Churchill and the government for any adverse results of hasty action. He conceded that the government had taken the decision out of the hands of Parliament and that Mr. Churchill from the legal consequences of his unconstitutional act.

CONVICTIONS MOVED

INTERESTS OF PEACE

BY A. P. NIGHT WIRE  
SAN QUENTIN, May 4.—Eugene Murphy, San Francisco criminal gangster, who serving a term of fifty years for attack on a girl in San Fran, and Frank Falconi, after twenty years for robbery of Francisco, were taken to San Quentin Prison from the San Fran, last night after both men suspected of an interest in convict funds that have run in four murders here in the past months.

Murphy was never directly connected with the riots, but the authorities have reason to believe that his removal will aid in restoration to normal conditions. Falconi, given his record, because of his close connection with Murphy. Warden Smith was of the opinion that Murphy and Falconi had been too much involved in the work. The Mexican convict appears to fear Murphy, police officials said.

END COMES TO NOTED BOXING GLOVE MAKER

BY A. P. NIGHT WIRE  
SAN FRANCISCO, May 4.—John J. Gavin, nationally known maker boxing gloves, died here today from complications following an operation. He was 60 years old. Gavin, gloves have been made all over the world and figured in virtually every championship fight for the last twenty years. He is survived by a widow and a son.

EX-BANKER CHARGED WITH EMBEZZLEMENT

BY A. P. NIGHT WIRE  
VANCOUVER (Wash.) May 4.—A warrant was issued this afternoon for the arrest of O. Jorgen Olson, still recently president of the American Security Bank in Vancouver, on a charge of embezzlement. Attorney Hall announced that Olson had appropriated recent funds due the bank.

**COURT ACTS IN PRODUCER RIFT**Issues Show Cause Order  
Looking to Dissolution

Result of Plea by Majority of Theatrical Body

Expiration of Actors' Equity Pact Brings Showdown

BY A. P. NIGHT WIRE  
NEW YORK, May 4.—The Producing Managers' Association, considered the strongest organization of theatrical men in this country, today was ordered by Supreme Court Justice Guy to show cause why the organization should not be dissolved. Last Friday, some members of the association were given in the petition as one of the reasons for seeking dissolution.

Justice Guy's order was issued on petition of counsel representing the majority of the directors of the Producing Managers' Association, including John L. Golden, Sam H. Hildreth, George H. Hobart, Edward H. Rodger, Henry W. Savage, Lawrence Weber and A. H. Woods. The order is returnable June 22. The petitioners stated that they were directed to institute proceedings for the dissolution of the association by a resolution passed by members of the association.

The petition states that dissolution would "safeguard the public interest between the corporation and the Actors' Equity Association, made September 4, 1919, has terminated, and has not been renewed, because 'there are differences of opinion and lack of harmony among the members,' and because 'the objects and purposes for which the corporation was organized have not been attained, owing to these differences.'

The petition lists debts of the association totaling \$16,910, and assets of an estimated realizable value of \$16,500.

The action marks one of the last stages in New York's long drawn out theatrical war, which began with the formation of the Actors' Equity Association.

The dissolution of the Producing Managers' Association was foreshadowed a year ago, when a group of managers, headed by the Shuberts, who were friendly to the

**"TIMES" ELECTION SERVICE**

In accordance with its custom of many years, The Times will employ every possible means for giving the public quick and reliable service on the primary election returns this evening.

Returns will be shown on a stereopticon screen at the Times Building at First and Broadway, will be broadcast by KJZ, The Times' giant radio station; will be published in a series of extra editions throughout the evening and will be given by telephone to all who call.

Elaborate arrangements have been perfected by which these returns will be gathered and flashed to The Times at the first possible moment after the polls close at 7 p.m.

Equity, formed the Managers' Protective Association, which on May 13 announced conclusion of a ten-year agreement with the Equity. A few days later another group of managers, members of the Producing Managers' Association headed by Sam H. Harris, signed a similar contract with the Equity. David Belasco, one of the last of the managers to hold out, came to an arrangement with the Equity on August 21, 1924.

The petition states that dissolution would "safeguard the public interest between the corporation and the Actors' Equity Association, made September 4, 1919, has terminated, and has not been renewed, because 'there are differences of opinion and lack of harmony among the members,' and because 'the objects and purposes for which the corporation was organized have not been attained, owing to these differences.'

ACH, VASS ISS  
LOS MIT CHACK?

MEETS JACK SILVER TONIGHT

Johnny O'Donnell of St. Paul, who clashes with the pride of San Francisco at Vernon for the privilege of getting licked by Ace Hudkins two weeks hence.

Champ Goes Ofer to Get  
Der Easy Marks

Gremmstroeter Vould Play  
Mit Herr Dempsey

Wacker will See Unter Den  
Linden at Last

EXCLUSIVE DISPATCH

NEW YORK, May 4.—Jack Dempsey's terms for a bout to be fought in Berlin during his trip abroad were accepted today and there is a strong probability that the champion will finally do some fighting by picking a soft one.

A cable was received today by Curley, who has been conducting the negotiations for the champion, in which Dempsey's demands for \$150,000 have been agreed upon as the price for the defense of his title against some European aces. Joseph J. Gremmstroeter, one of the leading motion picture men of Germany, has agreed to promote the contest.

While the Dempsey opponents have not yet been specified it is understood that Bridenton, the German heavyweight, and the German heavyweight who lost in 1922 to Dempsey for the European heavyweight title, being knocked out in the ring. This pair also went from other names have been mentioned to Curley, including that of G. Sampson, who has enjoyed some success in German boxing. The future in the fight he had over here, the champion, who sells for Europe tomorrow, will go into the ring propositionally. Jack Dempsey is expected to sail with him.

JOHN DENIES

NEW YORK, May 4.—Jack Dempsey, heavyweight champion, refused to deny tonight a report that he has accepted terms from the German boxer of Jack Curley, the promoter, that he had been invited to box some German heavyweights.

#### POLO PONIES BURNED

Many Valuable Horses Killed in Fire at Baldwin  
Stables on Island of Maui, Hawaii

BY CABLE AND ASSOCIATED PRESS

HONOLULU, May 4.—Polo in Hawaii will be set back by years as a result of the destruction on Sunday by fire of the Hawaiian string of ponies at the Baldwin stables, Island of Maui, polo players believe.

Among the four horses burned was Grey Dawn, which is considered irreplaceable. One pony broke loose but had to be shot. It was so badly burned. Another has not yet been accounted for and it presumably escaped.

Other ponies burned were Topaz and Grey Whirlwind, property of Harry Baldwin; Kekukai; Weary Willie, Paloma and Fair Play, the property of Frank Baldwin, who also owned Grey Dawn, and some new ponies from California and Canada.

O'DONNELL AND  
SILVER BATTLE

Lightweights in Main Event  
at Vernon Tonight

Scrapers Clash for Right to  
Meet Hudkins

Torrid Ring Mill Looms as  
Old Rivals Mix

BY PAUL LOWRY

Jack Silver and Johnny O'Donnell, both of whom succumbed to the prowess of Joe Benjamin, are fighting tonight at Vernon for the privilege of taking a beating from Ace Hudkins, the young man from Nebraska who put the Hollywood sheiks to bed for four days.

It's rather an odd situation, this of the vanquished warring among themselves over the doubtful honor of getting wallowed by the larruping. No brakas tornado. However, the evening's gladiators will not have to worry about it for two weeks, that being the date when two Hudkins have consented to put his straw-colored locks in exhibition and meet the winner.

Both O'Donnell and Silver were beaten with equal decisiveness by Benjamin, the only difference being that the first time O'Donnell, who hails from St. Paul, met the sheik he defeated him.

LIGHTWEIGHTS ON PAR

The result was Vernon last fall, the result being influenced somewhat by Benjamin's refusal to take the eastern lightweight seriously.

WEISSMULLER WINS EASILY

Illinois A.C. Star Cops Feature Sprint in Tank at  
Venice; Huge Crowd Attends

POMONA MERMAN TO  
MEET CALTECH TEAM

EXCLUSIVE DISPATCH

POMONA COLLEGE, CLARE-  
MONT, May 4.—Capt. Lincoln Hall's squad of Pomona College tank stars clash with Caltech swimmers in the local plunge tonight. Competition is expected to be close between the two institutions, both aggregations doing well on par in the past.

Pomona's probable entries in the meet are: Lincoln Hall, George Lyman, Selwyn Rich, Gilbert Baker, Charles M. Johnson, William Henry, Don Dye, Emilie Morehardt, Bob Burger, Durfee, Robinson, Hamilton, Bud Clark and George Reedecker.

CHICAGO SPORTSMAN  
OUT TO WRECK JINK

BY A. P. NIGHT WIRE

LOUISVILLE (Ky.), May 4.—A Chicago sportsman, G. Frank Crockett, will try to do on May 18 what other Chicago turfmen have tried unsuccessfully—become a quarter of a century in a Kentucky Derby. His first act in this direction was to pay a price said to be around \$70,000 for Kentucky Derby. It is likely that he will do it again on May 19.

All told Mr. Crockett spent something like \$100,000 at Lexington last week on his racing stable.

JOE LYNN LAID UP

BY A. P. NIGHT WIRE

SAN FRANCISCO, May 4.—California Joe Lynch, lightweight boxer, is laid up for a few weeks. His recent victory over Vic Wilson at Vancouver, B. C., proved costly.

The Californian broke a bone in his wrist and had to cancel several bouts.

**HELEN WILLS, MARY BROWNE IN  
NORTH-SOUTH MATCHES HERE**

Helen Wills will again be seen by her Southern California admirers when she appears here in the North-South women's tennis tournament that is to be held at the Midway Country Club courts next week. It was announced today. Miss Wills is present champion, women's singles champion.

Defending local honors will be May Sutton Bundy and Mary K. Browne, former national titles. Miss Browne is ranked among the leading players of the country and while she is not expected to win over Miss Wills, she is figured to give the girls some keen competition if they meet.

Another national champion will be seen in the tournament, the player of Helen Jacobs. Miss Jacobs is national girl's champion.

THE ONLY THREE

BY PEG MURRAY

CY YOUNG.  
THE GREATEST OF ALL,  
WHOSE PERFECT GAME  
OCCURRED JUST 21 YEARS AGO

Metropolitan News Service

Just twenty-one years ago today Cy Young pitched a "perfect" game. He not only kept his opponents from scoring hits or runs, but not one of them even succeeded in reaching first base. An unassisted triple play is called the rarest play in baseball. A perfect game is just as rare, for there have been only five of each in major-league history.

Back in 1880, and, strangely enough, only five days apart, J. L. Richmond of Worcester and J. W. Ward of Providence each pitched a perfect game. Since that time no National League pitcher has been able to duplicate that feat. Think of it! 45 years without a perfect

game. On April 20, 1922, young Charlie Robertson of the White Sox, then only 21 years old, when the hard-hitting Detroit team from racing first base, Robertson had been in the major only since the previous season was even younger than the current one. "No Hit" Charlie jumped into the baseball hall of fame with both feet and his trusty right arm, and, to tell the truth, he hasn't been much good since then. Addie Joss, famous old right-hander of the Cleveland Indians, pitched a perfect game on Oct. 2, 1908. Joss pitched two shutout games altogether, and his first appearance with Cleveland in 1902 allowed only one hit, and that a disputed one.

Cy Young pitched three no-hit games altogether. In 1904, the year of his perfect game, he pitched forty-five consecutive runless innings, and retired sixty-six batters in succession without allowing a hit.

#### CHECK NURMI RECEIPTS

Northern Official States That Rechecking Has No  
Significance Other Than to Kill Rumors

BY A. P. NIGHT WIRE

SAN FRANCISCO, May 4.—William F. Humphrey, president of the Olympic Club, said today that there was no significance in the careful recheck of gate receipts at the track meet Saturday and Sunday in which Paavo Nurmi, Willie Ritola and other prominent athletes appeared, and that the only reason it was done was to set at rest rumors that excessive amounts of expense money would be paid Hugo Quist,

the manager.

Humphrey added that Quist called on him today and explained that he had a balance left from the \$1200 advance expense money he had received in Chicago for the trip to the Pacific Coast. Later, Quist turned in to Joseph R. Hickman, general manager of the track meet, an expense account for \$11,000, which he paid back the \$14 left. Hickman announced.

He merely told me that he wants to turn in his expense account and pay back any balance that was left," Humphrey explained.

The one great disappointment of the tournament was

SCORES WELL-PLAYED 89  
CARD ON HOME COURSE

**Mrs. S. W. Reddin Wins Low Net;  
Mrs. Ted Haas Ties Mrs. Hardin  
for Second Low Gross Honors**

BY W. C. WISE

Mrs. Gregg Lifur, with a well played 89 over the difficult California Country Club, her home course, won medal honors in the qualifying round of the annual club invitation tourna-

ment for women yesterday.

With but two 8s for the eighteen holes, a flock of 8s and an even more consoling group of 9s, Mrs. Lifur came home with a card that totalled 89—but four strokes over women's par for the course, which was broken by one stroke from her nearest competitor in a field of nearly 100.

To really appreciate Mrs. Lifur's score, it must be stated that she was the only woman to play the entire 18 holes in the golf classic.

That the California notes

is also one of the longest and most difficult courses that Southern California has to offer. The green is in wonderful condition, but the yardage adds several strokes to many cards.

Mrs. S. W. Reddin of the Hol-

lywood club shot an 84 with

164-26-78, and Mrs. Ted Haas of Wilshire, shot a 86 to the Mrs. F. S. Hardin of Flintridge for second low gross honors.

Mrs. C. W. Fellowes, one of California's most skillful golfers, shot a 93, one stroke more than Mrs. Curt Rosenthal of Hillcrest required to negotiate the round.

In one of the most enjoyable matches of the day, Mrs. Lynn Reynolds, popular Flintridge star, won from Mrs. E. Stanton, Hol-

lywood, in the play-off of the 18 for the last position in the first flight, both turning in 97s.

**MRS. REYNOLDS STARS**

Mrs. Reynolds traveled much below her handicap to break 100 and proved that she is a skillful player and that she is entitled to play in the very first flight, by sinking a long putt for a par 5 on the long tenth hole after pushing her drive across the fairway, and then running it down more than forty-five yards and then plowing her wood shot dead on the pin-short of the green. Mrs. Reynolds' pitch carried high, at least fifteen feet from the cup, but all two were delicious.

The one great disappointment of the tournament was

(Continued on Page 2, Column 4)

Chassis, at laying\*

Ton and a Quarter Capacity Truck

THE Speed Wagon has  
been continuously man-  
ufactured since 1914. Each  
year has meant increased pro-  
duction.

In ten years there have  
been no radical changes in its  
design or construction.

These facts explain why  
the Speed Wagon never has  
been—or will be—an orphan.

And why interchangeabil-  
ity of parts—one year's make  
of car with another—is so pro-  
nounced.

Both facts largely influence  
the high resale or trade-in  
value of the Speed Wagon.

# Golfers Will Qualify in Annual Virginia Club Invitational Today and Tomorrow

TOURNAMENT ON  
AT LONG BEACH

Leading Golfers Heading for  
Amateur Classic

Two-Day Qualifying Play  
and Finals Saturday

Record Field Promised by  
Advance Entry List

Predicting a record field of  
more than 200 golfers, Otto Hoyt,  
popular president of the Virginia  
Country Club, established his  
coursing competition at first  
legible point on all roads leading  
to Long Beach this morning to  
encourage early entries in the  
annual invitation golf  
tourney that opens today.

Flashing an array of silver  
ware warranted to draw golfing  
celebrities from all over the western  
part of the State, Mr. Hoyt  
has made arrangements for a  
week of golf that will long be  
remembered in tee and green circles.

#### QUALITY TODAY

Starting this morning, entrants  
will play an 18-hole qualifying  
round and then sit back and  
await the golfing results of those  
who chose to qualify tomorrow.  
Match play begins Tuesday,  
and finals in all flights will be  
completed Saturday afternoon.  
While match play has been  
limited to ten flights, all entrants  
can be sure that the tournament  
knows no Virginian hospitality  
promises to find every flight and  
give the tournament committee  
many additional players to care  
for.

#### RECORD FIELD

Some of the best amateurs  
down State will play in the classic  
and as many have played the  
course within the past few days  
—and reported greens and fairways  
in ideal condition—the play  
will be fast.

Wihshire's fast shooters George  
Cline, Frank Deale, are all set and  
will be riding rough shod over the  
matches recorded in the southern  
amateur at Los Angeles a few weeks  
ago. Jack finished very much under  
the weather and was confined to  
his bed for days, and is now still  
suffering from his illness, but if he  
has recovered enough strength to  
last through the play, the popular  
Hollywood golfer may have his  
name cut in the first-flight trophy.

#### REGULARS IN

A word about Jack Tarrant, the  
Tenn-winner, who has had a busy  
time through some of the toughest  
matches recorded in the southern  
amateur at Los Angeles a few weeks  
ago. Jack finished very much under  
the weather and was confined to  
his bed for days, and is now still  
suffering from his illness, but if he  
has recovered enough strength to  
last through the play, the popular  
Hollywood golfer may have his  
name cut in the first-flight trophy.

#### SUN-BURNED PONIES

Mr. G. Richardson and R. Richardson  
Galvin twins found the course was much to their liking  
and turned in good scores, and there were a lot of other scores so  
good that they weren't even given  
a name, and if that doesn't promise  
a tournament nothing else ever  
will.

Post entries will be accepted by  
Starter O. P. Painter and playing  
time may be arranged by phoning  
the club.

**POLICE CHIEF'S SON**  
IS STAR RIFLEMAN

(EXCLUSIVE DISPATCH)  
POMONA COLLEGE, CLARE-MONT. May 4.—It was announced today by officers of the Pomona College Reserve Officers' Training Corps that Everett Wilcox, a member of sophomore class, high point man in the H.O.T.C. safety practice for the last few weeks with 22 rifles, Paul Home, son of Capt. Home of the Los Angeles police department, came second in rating.

**CLINE IS A CINCH**  
TO WIN FRESNO GO

(BY A. P. NIGHT WIRE)  
FRESNO, May 4.—Gene Cline and Johnny Cline, Fresno weight-weights, have completed their training and for the last few rounds fight here tomorrow night, which will feature the Sun-Maid Athletic Club's boxing card.

Joe Chaney, Fresno lightweight, boxed Gene Cline of Hollywood in the four-round semifinal. Three four-rounders complete the offering.

**STANISLAUS ZBYSZKO**  
BEATS KOTSONAROS

(BY A. P. NIGHT WIRE)  
CHICAGO, May 4.—Stanislaus Zbyszko, heavyweight wrestling champion and conqueror of Wayne "Big" Munn, tonight defeated George Kotsonaros in straight falls. He took the first in thirty-seven minutes with a flying mare and the second in nine minutes and fifty seconds with a wrist and body lock.

**NORFOLK TAKES ON**  
PELKY AT OAKLAND

(BY A. P. NIGHT WIRE)  
OAKLAND, May 4.—Kid Norfolk, the dusky light heavyweight boxer, who was bowling over tough opponents regularly until he was stopped by George Gibbons in New York last winter, will take on Ray Pelky in the auditorium here Wednesday night.

# RABBIT PUNCHES

By PAUL LOWRY

**T**OMMY O'BRIEN expects to win the lightweight championship of the world in Los Angeles. The fighting Irishman, who was born and educated in this city but had to go East to make the world sit up and take notice, is in the battle with Ace Hodding at Astoria, stone to stone, another bout he intends to show the home-town folks why Milwaukee, for example, put \$44,000 in its jeans in a single season to see him perform.

According to the story they tell, O'Brien had to knock out Sid Terry in the gymnasium before the comedians in the neighborhood of Gotham would give him any kind of a fight.

Irving Messenger, who is acting as master of ceremonies, featured Kid Evans, 112-pound champion, and Roy Benten, both middleweights, show also intends to show the home-town folks why Milwaukee, for example, put \$44,000 in its jeans in a single season to see him perform.

Tommy has a war record, a real one. He was with an ammunition train of the Fifth Division "over there." He was gassed, shell-shocked and wounded five times.

He did a little fighting before the war, but was not until after the fracas that he got down to business.

Then comes the announcement of Dick Donald to be a preliminary at Vernon. Dick nursed him along until he landed in a wind-up with Bill McCann late in the fall of 1920.

Notwithstanding reports to the contrary, O'Brien is not without friends in New York to eliminate him to pick a successor to Leonard's diadem.

He told the writer yesterday that he has a bye in the next round while Mandell is meeting Benard, Gedrich and Solly Seaman tangling with Benny Valzer.

The remaining contenders in the lightweight division are the West's right, while I went from O. C. to Mexico a knockout. This was in the tourney. I took a chance and accepted an outside bout with Pal Moran before my next match in the West. I was beaten in the East that was denied him in the West.

But now he has come back to the home city, ready to show the folks that knew him in the old days how good he is and to help the man that started him in the fight game, achieve success as a promoter.

For when O'Brien did done, it is Dick Donald more than the lure of money that has intrigued O'Brien to come West and fight in the Amateur.

He is here to see his old friend and adviser make good, and if he can do his bit Tommy will be tickled.

We have never seen Tommy in the ring since the old days nearly five years ago when he was boxing Chet Neff.

He had disposed of Kid Walker, K. O. Jenkins, Red Galvan, Charlie O'Connell, Cuddy DeMarco and Johnny Dundee, and had a victory to his credit over Pinky Mitchell, the junior welterweight champ, a great Milwaukee favorite.

He triumphed over Mitchell established O'Brien in the hearts of the Milwaukeeans, and he has been a drawing card there ever since.

While he has beaten a host

# NEWSIES STAGE BENEFIT

Boxing Show to Aid Mother of "Tuffy" Reid; Many Nifty Ring Contests Scheduled Tomorrow Night

The newsboys, always ready to lend a helping hand in time of need, are putting on a big benefit boxing show at the Newsboys' Club, 108 North Spring street, tomorrow night to aid Mrs. Clarence Reid, mother of the late "Tuffy" Reid. The admission is nominal and all the proceeds are to be turned over to Mrs. Reid.

It will be a whale of a show from all indications with all the best boxers of the Newsboys' Club billed to do their stuff and several prominent movie stars on hand to add to the attraction.

Irving Messenger, who is acting as master of ceremonies, featured Kid Evans, 112-pound champion, and Roy Benten, both middleweights, show also intends to show the home-town folks why Milwaukee, for example, put \$44,000 in its jeans in a single season to see him perform.

Notwithstanding reports to the contrary, O'Brien is not without friends in New York to eliminate him to pick a successor to Leonard's diadem.

He told the writer yesterday that he has a bye in the next round while Mandell is meeting Benard, Gedrich and Solly Seaman tangling with Benny Valzer.

The remaining contenders in the lightweight division are the West's right, while I went from O. C. to Mexico a knockout. This was in the tourney. I took a chance and accepted an outside bout with Pal Moran before my next match in the West. I was beaten in the East that was denied him in the West.

But now he has come back to the home city, ready to show the folks that knew him in the old days how good he is and to help the man that started him in the fight game, achieve success as a promoter.

For when O'Brien did done, it is Dick Donald more than the lure of money that has intrigued O'Brien to come West and fight in the Amateur.

HOW THEY STAND

Scoreboard

Standings

GAMES THIS WEEK

Guy of the Week  
Walter at Southern Branch

When Coach Wilkie Clark's

California Tech team disposed

of the Eagle Rock

climbed into the leadership of

the Southern California Con-

ference. The Tigers, doped from

the season as the strongest

organization in the loop, are a

notch top honors. Although

they put up some strong

figures for the champion-

Kens are heavy favorites.

Pomona has proved the

best of the circuit, along

with the Saginaw Merri-

ck, Champ Clark and Jones,

got off to poor start,

then their opening games to

Tech and W. H. Newell

put the proteges of "Poli-

ett" to upset the

by trimming Occidental and

Branci. Branch's two wins

in the season's opening

teaching has made a real club

of the Pomona athletes and

are sure to finish well up in

the running.

A look of trophy events is on

the program of the California

Yacht Club's sailing events

for R-class slopes. In

addition to the Fales Cup

and San Clemente Island

Times Cup race, the Nording-

ton Cup and the

Power boat races. Power

boat scheduled include the De

Trophy race and similar

for the Pacific Motorboat

and the Dyer Trophy.

MAT.

May 6—Opening day. Sunday, May 12—

Open boat regatta, all classes.

May 12—Opening of Newport Harbor.

May 12—Racing, May 21—Racing

for meeting of Catalina Island.

JUNO

May 12—Sunday around San Clemente Island. ## IS IT GOOD BUSINESS TO BORROW MONEY?

**ABSOLUTELY, YES**—if for a legitimate business purpose and not for speculative ventures or luxuries of life.

**BORROWING MONEY** enables you to make larger earnings than possible when your investments are limited to your own capital.

**BORROWING MONEY** is an incentive to economize and save that you may promptly meet your indebtedness at maturity.

**BORROWING MONEY** creates a credit standing at the banks which may mean the difference between success and failure when the larger opportunity comes.

**BORROWING MONEY**—bank credit—is necessary to all successful commercial enterprises, but failure to have proper respect for your obligations is financial suicide.

**IF YOU HAVE** a real honest-to-goodness desire to forge ahead financially, you will find the Seaboard National on its toes to help you.

## AILMENTS OF YOUNG GIRLS

Relieved by Lydia E. Pinkham's Vegetable Compound  
School Teacher's Experience

Evanston, Wyoming—"A few years ago I had troubles every month such as gas, flatulence, diarrhea, constipation, etc., and it was awful every time. I was teaching school and it made it hard for me as I had to go to bed for two or three days. One day my mother suggested that I take Lydia E. Pinkham's Vegetable Compound, which I did, and it did wonders for me. In the course of a year I married and after my son was born I got up too soon and it caused a dislocation. This troubled me so that I could hardly walk or do my housework. I knew what the Vegetable Compound did for me before I took it again. It strengthened me and now I have five little kiddies. The eldest is six, the baby is five months old and I have a boy of four and a girl of two and a half. I do all my own housework, washing and ironing and I never feel better in my life. I owe my health to your wonderful medicine."—Mrs. VERERNA CARPENTER, 127 2nd Avenue, Evanston, Wyoming.

## RUSH WORK ON ARIZONA ESPEE

**Construction to be Finished by November 15**

**Grading All Contracted and Bridges Begin**

**Yuma County Will Celebrate With Barbecue**

[EXCLUSIVE DISPATCH]

PHOENIX. May 4.—Announcement is made that all construction work on the new Phoenix Southern Pacific line will be completed by November 15.

East of Phoenix the grade is complete and the rails are within a few miles of the Gila River, laid eastward from Chandler, crossing on the culvert spaces on temporary bridging. Track work about continues on the seven-mile cut between the Gila bridge and Florence station. Work has been started on the piers of the long Gila bridge east of Sacaton.

On the point north of Sacaton was heavy, though mainly in the earth, cutting across many washes. Ballasting from Peache to the river, mainly with gravel, is to be finished by the end of November. North of the Gila, ballasting is with gravel, taken from the bed of Salt River at Tempe.

West of Phoenix, in extension of the Arizona Eastern Buckeye branch, bridging has been located for the Hassayampa River bridge, which will be three-eighths of a mile long, while twelve miles of grade has been completed to the westward, in a thirty-two-mile contract.

Beyond is a stretch of sixty-eight miles of Western extension to the Utah Construction Company, which is gathering its equipment at Wellington, where the people of Yuma county will celebrate the first work with a barbecue.

The western crossing of the Gila will be at a point ten miles northeast of Wellington, close to a State highway bridge that was washed out. After the new bridge is built the same association will be washed out a number of years earlier. Boats are reported to have found bedrock for the pier footings.

**NEW LADY OF CABINET HATES CITY**

Mrs. Sargent Condescends to Leave Vermont Farm After Chicks Hatch

[EXCLUSIVE DISPATCH]

LUDLOW (Vt.) May 4.—Now that a setting of 125 eggs has hatched satisfactorily, Mrs. John Garibaldi Sargent, wife of the Attorney-General of the United States, has begun to plan her first visit to the national capital since the appointment of her husband as chief of the Department of Justice. The chicks will be hardy enough in a few days to scratch for themselves and do without the personal attention that has always been the new Cabinet lady's pleasure to lavish on the little poultry farm on the spacious Sargent estate.

"I really hate to leave my Ludlow home with its quiet comfort," she said. "I cannot understand how anyone who has been brought up in the country can change to the city. Certainly he has to be here this wonderful Vermont air for even Washington's glory. I am perfectly happy here and the capital cannot add to the luxury I find in my little farm, my fine garden, my friends and family."

When Mr. Sargent was called to Washington in February Mrs. Sargent was convalescing from a severe attack of the mumps and insisted of accompanying him to the capital where she went to the summer camp on the shore of Lake Champlain, near Burlington. A month ago she returned to Ludlow completely restored to health. It is the time to prepare her annual setting of eggs for the poultry farm, which has been one of the greatest hobbies. She has raised hens since a little girl and has an enviable record as a fancier.

**AGED MARINER ON CRUISE OF WORLD**

[EXCLUSIVE DISPATCH]

VANCOUVER (B. C.) May 4.—Capt. E. B. Maude, R. N., retired, 76 years, has set sail from this port in a twenty-five-foot boat of the cabin fish boat type, similar to those used in halibut fishing and with canvas power for a cruise around the world. Capt. Maude, who resides on Mayne Island, announced on this occasion he intended to do this, but his personal doctor, the white-haired old sailor seriously.

Recently he came to port and had his boat repaired. While he is bound for the harbor, however, around the world, local shipping men expect that friends will not let him get farther from home than Victoria.

**ENGLAND ACTIVE IN AVIATION LINE**

[BY CABLE—EXCLUSIVE DISPATCH]

LONDON, May 4.—Ten new aircrafts of the all-metal defense plane to be erected for the British Isles are to be erected within the next year. They will be equipped for the use of squadrons of day and night fighters and long-range bombers.

It is stated that the imperial airways have established a record in travel during the last year with a total flying mileage reaching 825,750—about thirty-four times around the world.

**COPS' DAILY DOZEN**

[EXCLUSIVE DISPATCH]

ST. LOUIS, May 14.—The police department here has resumed physical training under an instructor, a plan which was abandoned four years ago. Henry Abeken, former physical director in the State Department of Public Schools, will supervise the work.

## "TIMES" ELECTION SERVICE

In accordance with its custom of many years, The Times will employ every possible means for giving the public quick and reliable service on the primary election returns this evening.

Returns will be shown on a stereopticon screen at the Times Building at First and Broadway, will be broadcast by KJL. The Times' giant radio station will be published in a series of extra editions throughout the evening and will be given by telephone to all who call.

Elaborate arrangements have been perfected by which these returns will be gathered and flashed to The Times at the first possible moment after the polls close at 7 p.m.

## SEA CAPTAIN MAKES STARTLING CHARGES

**CHIEF OF CANADIAN STEAMER SENT OUT WITH CREW OF INCAPABLES**

[EXCLUSIVE DISPATCH] VANCOUVER (B. C.) May 4.—Capt. William Bradley, master of the Canadian government merchant marine steamer Canadian Exporter who sank on Wednesday, will be charged with the loss of a crew of nine men.

Bradley stated that when he saw the crew which had been signed on by shore officials he asked the shore superintendent to release the ship. The superintendent stated that the company pleaded with him to go on, because if he refused to take the crew the men who were on strike would claim victory.

The mate was drunk most of the time after we left Vancouver, but after doing forty-one hours on the bridge I told him to go to the boat and to him and trust to luck with the result that the ship was eight degrees of her course when she struck," said Capt. Bradley.

Good quality Sennits, imported and domestic makes. Cable and sand edges. Plain or fancy bands. All have cushion ventilated comfort leathers. The greatest straw hat value in Los Angeles!

# NEWS OF SOUTHERN COUNTIES

## LEVEE IS CUT BY COLORADO

**Two Breaks Are Reported in Three Days**

**Change in Current Made Near Pescadero Dam**

**Rock in Trainloads Being Rushed to Scene**

**(EXCLUSIVE DISPATCH)**

CALEXICO, May 4.—A sudden change in the current of the Colorado River near Pescadero Dam, twenty-three miles below Imperial Valley's intake, caused two breaks in the river bottom within the last three days, according to a report of the district engineers this morning.

The river side-swiped the levee at 8 a.m. in the stream and undermined the railroad track last Friday. Hastily organized work crews built a shoot-fly levee around the break on Saturday, but the current still washed away 100 feet of earth and caused about 200 feet of levee to cave in.

Rock is being rushed to the scene from the quarries in trainloads today and engineers believe they expect confidence that the dam would be repaired within twenty-four hours.

The engineer stated that the river is about 200 feet above its normal level, which is about one-fourth of the estimated flood crest in June, and no crop damage would result from the present break as the water level is still below the level of the adjoining farm lands.

**CATHOLICS IN SESSION**

**Knights of Columbus in Annual Convention at Fresno**

**(EXCLUSIVE DISPATCH)**

FRESNO, May 4.—With ninety council, represented by more than 350 delegates, the twenty-third annual convention of the Knights of Columbus of California was opened here today with mass in St. John's Cathedral for deceased members of the order.

Judge Thomas P. White of Los Angeles, state deputy, presiding over the convention, and delivered the opening address after the Knights had been welcomed to Fresno by Mayor A. F. Sundland.

The convention was officially opened yesterday with a parade more than forty blocks in length, which ended at the Courthouse, where a solemn high mass was said, followed by a luncheon for prominent citizens with bad checks.

Nine indictments were returned for narcotics law violations.

Arch Cloe and Frank M. Allen, former members State Department of Agriculture men, were indicted for impersonating a naval officer here, in connection with their work in various government departments.

Wilson of Bakersfield is under indictment on charges of breaking open a sealed railroad car.

Kelly Russell, former cashier of the National Bank of Bakersfield, was indicted on two counts of violation of banking laws. He was also indicted a year ago.

Frederick Smith was indicted for impersonating a connection with his hands, models of bridge watch fobs, furniture, boats, and other articles.

The program today included a banquet tonight at which the Knights addressed the visiting Deacon J. J. Crowley, chancellor secretary of the diocese of Fresno and Monterey; Thomas P. White, David F. Supple, San Francisco, State Senator Joseph Scott, Lee Adams, Paul State Deputy, and A. J. Ward, District Deputy.

Catholic women of Fresno were hostesses at another banquet tonight at which the visiting women were the guests.

**INGLEWOOD BOYS ARE ENTERTAINED**

**(LOCAL CORRESPONDENCE)**

INGLEWOOD, May 4.—The greatest array of boys in the history of the city marked the wind-up of Boys' Week here, when more than 2000 happy youngsters were entertained at a special performance at the Inglewood Theater under the auspices of the Inglewood Rotary Club. The boys were each given a free ticket, through the generosity of Dr. Will B. Van Duzer, president of the Inglewood and the Grandine Theaters, and a prominent Rotarian. Among the boys who enjoyed the show the most, it is declared, were some of a group of twelve who were the launch of Big Bill Hodges, past president of the Rotary Club, drowning out that of his clubmates and the others who were as good as that of President Clyde Woodworth and Past President Hugh Lawrence. A second show had to be given in order that all the strength of boys might see it.

**CAR DEALERS PLAN ANNUAL HIGH JINKS**

**(LOCAL CORRESPONDENCE)**

GLENDALE, May 4.—The annual high jinks of the Glendale Motor Car Dealers Association will be held tonight and tomorrow at Forest Home, with over sixty dealers, salesmen and guests making up the party. The principal business will be the election of officers for the coming year, and after this has been disposed of at the dinner that is scheduled for tonight, all devote the rest of their waking hours until Wednesday afternoon to the enjoyment of the program that has been prepared by the entertainment committee. The returning officers are: Louis P. Clark, president; Don C. Parker, vice-president; M. R. Tovman, secretary-treasurer, and the directors are Lyman P. Clark, D. H. Parker, R. E. Corrigan, C. H. Hunter, W. A. Tanner, Tom Smith and Porter A. Kelley.

**WOLF HOUND SAVES DROWNING MASTER**

**(EXCLUSIVE DISPATCH)**

BAKERSFIELD, May 4.—Duke, a big Russian wolf hound, owned by H. E. Hesbrough, proprietor of a local automobile-top manufacturer, saved his master's life yesterday while fishing in a Kern county stream and struck his head on a sharp rock. He was unconscious. Duke pulled his master's body from the stream, another dog, Dixie, a fox terrier, attracted a passerby by his barking.

**(EXCLUSIVE DISPATCH)**

## BOARD CHOOSES NEW CHAIRMAN

Pasadena Directors Meet to Organize

Expected Fireworks Display Fails to Materialize

Precedent is Disregarded in Initial Session

A "Times" Staff Correspondent PASADENA, May 4.—As expected, the four newly elected City Directors who took office soon today exercised their power of majority and elected a chairman of the board. The chosen man is in reality the Mayor of

Pasadena. May 4.—William D. Judson, charged with the murder of his ward, William Nelson Schaeffer, millionaire orphan of the Smithsonians Institution in a statement answering Dr. Walcott's denial and gave him custody of the minor children, following which Mr. Budlong engaged in a hunger strike in Budlong's New York apartment.

Technical testimony tending to prove Mrs. Budlong's legal residence in New York was presented. Mr. Budlong, however, testified that Mrs. Budlong informed him that she had dropped a case against him in New York after obtaining a summons from him. He said that Mrs. Budlong failed to return to New York after promising to return at the end of a visit with the children in New York.

Motions for an allowance were filed by Mrs. Budlong for expenses incurred in defending the children and her daughter, while Mr. Budlong admitted a sum of \$1,000 to Mrs. Emma McClintock, his mother, from a box of medicine he carried around with him.

**SELLERS TESTIFY**

During the taking of testimony, Mr. A. E. Bell, 45, of Columbia, a member of the Board of City Directors, A. E. Cole, another Director who arrived the greatest number of visitors at the last election, voted for Mrs. Budlong for the position. He selected vice-chairman.

The expected drastic measure of the slashing in city employees' salaries and the abolishment of several offices failed to materialize. Michael R. Millhouse, formerly of St. Louis, was certified that Shepherd had been reviewed fully and unless something unusual had developed he was not inclined to continue it.

Mr. Wright's statement that the trial a few weeks ago when Mrs. Budlong locked herself in her husband's apartment and held fort for almost a week.

## BUDLONGS AGAIN AIR SQUABBLE

Wife Charges Desertion in Second Suit for Separate Maintenance

(EXCLUSIVE DISPATCH) NEWPORT (R. I.) May 4.—Willful desertion in addition to neglect to provide is charged by Mrs. Jessie Margaret Budlong, in her second suit for separate maintenance from Major J. Budlong, of Superior Court here today. A previous decision favored the defendant and gave him custody of their two children, following which Mr. Budlong engaged in a hunger strike in Budlong's New York apartment.

Technical testimony tending to prove Mrs. Budlong's legal residence in New York was presented. Mr. Budlong, however, testified that Mrs. Budlong informed him that she had dropped a case against him in New York after obtaining a summons from him. He said that Mrs. Budlong failed to return to New York after promising to return at the end of a visit with the children in New York.

Motions for an allowance were filed by Mrs. Budlong for expenses incurred in defending the children and her daughter, while Mr. Budlong admitted a sum of \$1,000 to Mrs. Emma McClintock, his mother, from a box of medicine he carried around with him.

**GARY POLICE SEEK SLAIN GIRL'S MATE**

Quest is Result of Friend Identifying Burned Body and Telling of Threat

(EXCLUSIVE DISPATCH) GARY (Ind.) May 4.—Witnesses with the identification of the dismembered and burned body of a girl found a week ago alongside the Falls Creek, Indiana, were sure that of Mrs. Josephine Desiderio, a Coroners' chemist has been found. At the time it was discovered that the girl's body had been cut into pieces and was missing.

The coroner's office has been unable to identify the body, and the coroner has been unable to identify the body.

Mr. Wright's statement that the trial a few weeks ago when Mrs. Budlong locked herself in her husband's apartment and held fort for almost a week.

**EXPERTS MAY TESTIFY**

He said that it would be his plan to enable the committee to invite experts of Great Britain and France to testify while they are in Los Angeles attending the races, which would be in session about the time the Pulitzer air races in New York.

**DRUG BOX DESCRIBED**

Wife Relate How He Gave Out Medicine

Drug He Administered to Mrs. McClintock

Other Asserts No Mercury Was Prescribed

(EXCLUSIVE DISPATCH) NEWPORT (R. I.) May 4.—Orville Wright today asked an impartial investigation of his charges against Dr. Charles G. Walcott of the Smithsonian Institution in a statement answering Dr. Walcott's denial and gave him custody of the two children, following which Mr. Budlong engaged in a hunger strike in Budlong's New York apartment.

Technical testimony tending to prove Mrs. Budlong's legal residence in New York was presented. ### BOND QUOTATIONS

Market to Higher Ground

NEW YORK, May 4.—With speculative interest stirred by reports of impending favorable mergers and divisional developments, low-priced railroad stocks attracted a strong following today and led the entire market to higher ground. Many of the semispecialized issues showed new peak prices for the year.

Unexpected developments of some of the smaller carriers in the East and Southwest focused attention on issues of other railroads which are in strategic positions. Frisco, Santa Fe, City, Southern, Seaboard, Wheeling and Lake Erie and Norfolk and Southern issues were among those to sell at the year's best levels. Northern Pacific, So. Chicago and Alton 3% and the St. Paul convertible and refunding 1 1/4s scored substantial gains.

The strength of public utility shares influenced spirited bidding for the bonds of these companies, particularly in the West, where a point or so. Market Street Railway was advanced on talk of the company's purchase by the city of San Francisco and local traction lines also were in demand.

The industrial and mining industrial list was higher, although heaviness of some of the copper and miscellaneous issues, contrasted with the upward movement of the oil and tire bonds.

Forces protecting the bond and stock price of bonds of the New York Stock Exchange and the total value of such bonds. These questions were raised by the market. The market is expected to translate the closing as outlined when the market opens again. The price may be met when they are the ones or 1/2 points above.

### BUSINESS IN STEEL AND IRON QUIET

Activity in Some Lines at  
a Standstill; Prices Are  
Firm

**BY DON PARTRIDGE,**  
Associate Editor, "Iron Trade Review."  
The feature of the market last  
week was the placing of over 7,000  
tons of track accessories, plates  
and shapes by the Southern Pacific  
Co. Business generally remained  
quiet and activity in some lines was at a standstill.  
Prices, while at a low level, were  
firm.

No large awards of concrete bars  
were reported, but a number of tons  
of steel and iron castings, O. C. L. bars  
and other items were placed.  
Prices, while at a low level, were  
firm.

A total of 740 tons of plates was  
placed, the Southern Pacific Equip-  
ment Company placing 430 tons of  
plates, the Los Angeles, the Southern  
Pacific Company 190 tons, and  
the Pacific Coast Engineering Com-  
pany obtaining 100 tons for a pipe  
line at Glendale. Pending busi-  
ness exceeds \$1,000,000.

The pipe line bid being post-  
poned until the 6th inst. Prices are  
general at 2.50 cents c.i.f., and it  
is the opinion of the trade that  
2.45 cents will be secured on de-  
sirable business.

More structural awards were  
posted last week, the total aggre-

gating over 2,000 tons. The Min-  
nesota Steel and Machinery Com-  
pany obtained 1,120 tons for the  
Panama Theater in San Fran-  
cisco; Central Iron Works, 200 tons  
and 150 tons for two apartments in  
San Francisco; and Merrick Iron  
Works, about 220 tons for the  
Saratoga Theater in Oakland. Prices  
range from 2.50 cents on large lots  
to 2.55 cents on the general run of  
ord.

The Southern Pacific Company  
placed one of the largest orders in  
months last week, which involved  
\$50,000 worth of the plates, or about 5100  
tons, of 20 and 25 cent track. One lumber  
interest purchased 800 tons of  
70-cent German rails.

Over 750 tons of cast-iron pipe  
were placed, Los Angeles awarding  
1,000 tons to the Signal Hill Pipe  
Company, and Glendale 650 tons  
to Grinnell Company of the Pacific,  
who will supply Bell  
gas pipe. Only three inquiries were  
for gas pipe, totaling about  
4,000 tons. Prices are softer, \$52  
to \$55 a ton delivered now being  
quoted.

newspaper in the world.

### CIVIC MATTERS THEME AT CLUB

Woman's City Hears Debate  
on Port Control

University Dean Urges Vote  
for Bond Issue

Education Board Candidates  
Also on Program

Election issues were discussed from a business standpoint at the Woman's City Club yesterday afternoon with United Port Control in the foreground.

Jess Stephens, unopposed candidate for City Attorney, defended

the plan for port control, of which he was one of the originators, against the arguments of F. F. Burmester, chairman of the Los Angeles Chamber of Commerce. Burmester held that the plan was unfair because it provided for a board with three members from Los Angeles, with two from Long Beach, while the harbor is equally divided, geographically, between the two cities.

**STEPHEN'S ANSWERS**  
"It is a very naive argument offered by Mr. Burmester," declared Attorney Stephens, "that Long Beach and Los Angeles are two sovereign cities which should have equal representation on a board controlling an equally divided harbor."

"But these cities are not sovereign governments. They are political subdivisions of the State. This is a business proposition involving the commercial life of the foreground."

The fifth member of the board will be appointed by the members. He will be a resident of Los Angeles—which is a greater city than Long Beach from every angle.

Certainly, Long Beach can trust the board needs information he can supply which they cannot get from any other source.

Mrs. E. C. Bellows, president, presided.

### BOND ISSUE URGED

Mrs. Helen M. Laughlin, dean of women, University of California, Southern Branch, produced facts and figures to show the advisability of voting for the unicorporated bond issue.

"More than 5000 students are now attending the university, where it is now located," she declared. "We have outgrown our campus, which we never intended for a State university."

The Westwood-Beverly Hills site was chosen after careful consideration by the Board of Regents, which found it admirably suited to our needs."

"Los Angeles should help pay for it because it is within her limits and she will reap many of the benefits."

The site cost \$2000 an acre for land that is valued at \$15,000 and the Janssen Investment Company has a \$4,500,000 worth of land."

**OBJECTION VOICED**

E. J. McCuller stated that he was in favor of the choice of the site but objected to the proposed purchase from an economic standpoint.

Supervisory redistricting is necessary, according to Mrs. G. Doherty of Long Beach, because the present Board of Supervisors is too small to handle the enormous amount of business that the county demands, she said.

M. Fowles averred that he had always found the board ready to meet any demands made of them. M. H. Broyles, candidate for Board of Education declared that

the national committee for honorary members, Sigma chapter especially honored him as the first national honorary member received very high approval.

The initiation was followed by a banquet at the Vista del Arroyo Hotel. The speakers took turns in the form of radio messages were given. Mrs. Nellie Potter, president of the chapter, acted as manager and Miss Florence Springer as manager of the program. The stations responded to central station Pi Lambda Theta. As the banquet was the birthday anniversary of the fraternity, clever birthday cakes and candies marked each place.

**Audubon Society**

Bird lovers are invited to join the Los Angeles Audubon Society in their field day Thursday, in Elysian Park, at 10 a.m. After the picnic lunch at noon there will be reports and round-table discussion.

At the election at the last regular meeting, the officers were re-elected except the second vice-president, Mrs. C. R. Raitt, who refused another term. The officers are as follows: President, Mrs. Verne J. McCallum; Vice-president, Mrs. Z. D. Root; second vice-president, Mrs. Blanche Vignot; recording secretary, Mrs. L. S. Hall; treasurer, Mrs. Grace Mix; corresponding secretary, Mrs. Estelle Dyke; librarian, Miss Ruth Spangler.

**Lark Ellen Home**

Among those observing Boys' Week was the Lark Ellen Home for Boys, which opened its doors for its special day. Boys took the names and as far as possible undertook the duties of the superintendent, the several matrons, the cook, the gardener, the maid, the president of the board of directors. The laddies acquitted themselves well, especially the president, who surprised the real officers at the time of the annual financial and highly moral homily concerning their obligations to the home and to each other. A program of drills and songs was arranged and successfully carried out by the boys.

**Women's Political League**

In the Windsor Tea Room at the Back-Shoppe, luncheon of the Women's Political League, Mrs. Dora Stearns, president, will be conducted Thursday. The speakers will be Assemblymen Frank Weller and State Senator Charles W. Lyon. Luncheon will be served at noon.

**Mr. Holroyde Luncheon**

Mrs. C. M. Winslow, 11 Laughlin Park telephone 597765, will receive members of the Foreign Service. Mt. Holroyde luncheon to be given Saturday, the 9th inst., in the women's dining-room of the Men's

Daylight Tent

Mary Ann Spencer Tent, No. 29, Daylight Tent, Daughters of Veterans, will give a birthday dinner and bazaar in Patriotic Hall, 1816 South Figueroa street, Wednesday afternoon and evening.

**Soroptimists**

John E. Gage, president of Los Angeles Rotary, will give a brief talk at the Soroptimist International meeting at 12 M. at the Biltmore. The program will be augmented by numbers given by George Willis, whistling violinist, accompanied by Robert Baum, man monologue by Elsie B. Cohen will conclude the program, and the attendance prize will be donated by Addie L. Marks, who also arranged the program. Mrs. Gertrude Maynard is president.

**BODY OF VETERAN TO BE BURIED IN EAST**

The body of Calvin Verner Dier, 27 years of age, of 501 Pine street, Altadena, will be taken tomorrow to Tonawanda, N. Y., for burial.

Dier, who was district manager of the small goods department of the Southern California Music Company, died at his home yesterday from illness caused by his war services overseas. He was a brother of Mrs. Frank J. Hart, widow of the former president of the Southern California Music Company, and has lived here six years.

Mrs. Louisa Dier of Tonawanda, the mother, was called west by the illness and will accompany the body today. Besides those named, he leaves one brother and two sisters.

# Of Interest to Women.

## Diet and Health

By Lulu Hunt Peters, M.D.

### HEADACHES (Part 2)

Headaches are warnings, in the vast majority of cases, of some disturbance elsewhere than in the brain. There are no pains nothing depending on which either irritates the nerves of the head directly, or indirectly by causing a congestion of the blood vessels so that there is a pressure on them. It is in the brain, in the membranes of the brain (meninges) that the pain of headaches manifests itself, and not in the brain itself, for the brain tissue is not sensible to pain.

Headaches are the most universal aches. There is probably no one who has not experienced it at some time in his life. Those who are subject only to occasional headaches usually can trace the cause of the attacks—poor ventilation of bed air, especially in rooms overeating, overdrinking, under-eating, especially skipping meal, lack of sleep, excess smoking, etc.

Those who suffer habitually from headaches are subject to various disorders such as gout, rheumatism, kidney disease, high blood pressure, or other diseases, the ones we want to help today. And then there is the headache that helps you to point out the cause. Then you should have a thorough physical examination to see which one is operating in your case.

In yesterday's paper I told you of attending symposiums on headaches at the New York Academy of Medicine, and I gave you what the eye and nose specialists said about the headaches that are caused by eye strain and infections of the nose. The chief points to remember are that very slight strains which give no symptoms at all in the eyes, may be causes of habitual headaches, and that certain infections of the nose, sinusitis (inflammations leading out from the nose into the face bones) are very common causes of habitual headaches. Naturally these headaches will not cease until the conditions causing them are remedied.

**Adelaide Bindley-McMillin**

## Health and Health Dr. Peter M.D.

(Part 2)

I'll give you a summary of causes of habitual or more or less constant headaches.

(1.) Headache due to eye strain, tension in the inter-ocular muscle, chronic appendicitis, constipation, etc.

(2.) Headache due to states accompanying any disease, such as cholecystitis.

(3.) Headache due to women's normal conditions in the postpartum period.

(4.) Nervous headache due to lowered nerve tone or to mental upset.

(5.) Headache due to focal infections, especially in the tonsils, teeth, suppurring glands.

(6.) Headache due to overeating, especially in the postpartum period.

(7.) Headache due to overeating or undereating, or balanced diet.

(8.) Migraine—possibly hereditary.

Warning: Don't take any drugs habitually for headache. They are dangerous because they all heart depressants. Don't have results from overeating. Put out the cause of your headache before it has remedied.

Next week I'll discuss Migraine.

**SOCIETY**

**Series of Bridge Luncheons Given**

Mrs. Juanita Neal Levy, attractive daughter of Mr. and Mrs. Mrs. Steele McMillin of South Highland avenue, has chosen Saturday evening, June 4, as the date for her marriage to Lynn Kincaid. The ceremony will take place at 7:30 p.m. and Mr. McMillin will give his daughter in marriage to Miss Jean Bryant Kincaid, who will accompany her maid of honor, while William Phineas McMillin, Jr., has been chosen by Mr. McMillin to serve him as best man. The mothers will be Mrs. Anna Rosemarie and Andrew Steele McMillin. Three dainty little girls will scatter rose petals on the pathway of the bride.

Wednesday Adelaid Steele-McMillin and Elizabeth McMillin and Elizabeth McMillin.

The delightful affairs have been arranged in honor of Miss McMillin since her engagement several months ago.

This afternoon Miss Nora Boulton of 444 Rimpau Boulevard, Hancock Park, and her intimate friends of the month are for luncheon and Saturday afternoon Miss Barbara Bohon is entertaining a bridge party at her home.

Miss Adelaid comes with Miss Barbara.

### M'MULLEN TAKES BACK AFFIDAVIT

Asserts First Affidavit Made  
to Save Reid

Slaying of Weingarten De-  
nied in New Statement

Admits False Oath as Noose  
Removed Its Need

An affidavit made by Lawrence M'Mullen, life-terminer in San Quentin, denying a previous affidavit that he and not Tuffy Reid killed Charles Weingarten, was made public at Sacramento yesterday by the state attorney general.

"It is considered good ethics in San Quentin to make any kind of an affidavit that will save a companion from execution," M'Mullen said in explanation of his latest assertions.

The reason for the original affidavit was eliminated when Reid was hanged for the murder two days ago, according to M'Mullen's statement, so he saw no reason for keeping on with it.

The first affidavit was obtained by Asst. Atty. Gen. Clarence L. Dodge of Los Angeles, who was active in the fight to obtain a commutation of sentence for Reid.

Assemblyman Dodge sought to have the man imprisoned, sworn to the truth shortly before the time set for the execution.

In making public the latest affidavit, Gov. Edmund G. BROWN said M'Mullen had ridiculed the first affidavit, particularly the part which told how he had dyed his hair from its natural red to black.

He had admitted, sworn to the truth in a Marin county notary, states in part:

"That on January 18, 1925, I signed a statement purporting to confess my guilt to the alleged fact that I, Lawrence M'Mullen, and not Clarence Reid, fired the shot which killed one Charles Weingarten in Los Angeles on January 21, 1923.

That the statement sworn to by me on February 13, 1925, was, especially as to the first affidavit, which confesses the killing of Weingarten, wholly and completely false, and was made solely for the purpose of exonerating Clarence Reid in the killing of Weingarten, his commutation of sentence, and that the shot which killed Weingarten was not fired by me."

And Jane Cowl, prima donna of Shakespearean premieres, burst into tears when she was alighted from the steps of the Southern Pacific train yesterday afternoon at the Union Station.

Miss Cowl with her troupe of more than thirty players, opens at the Playhouse the 11th inst. in "Romance and Juliet"; the interpretation of which has made her famous.

Justice of the Peace Alfred McDonald of Venice rushed to Los Angeles from Bisham yesterday in response to news that his wife had taken her life with poison at their home at 1827 Westview street Sunday. News of the tragedy reached Justice McDonald at 2:30 yesterday morning, and he started for his home immediately.

Funeral arrangements for Mrs. McDonald will be held in abeyance until her mother and sisters arrive from El Paso, it was announced. They are expected tomorrow.

McDonald, cancer victim, took poison in his home while Mrs. Fern Simmons of 1819 Pennsylvania street, a friend, was in an adjoining room.

### RABINOWITZ IS SENTENCED

Arrested Eight Times But Always Freed, Drug Act Violator Given Leavenworth Term

Sam David Rabinowitz, arrested eight times since 1913 in all parts of the United States on suspicion of violations ranging from disturbing the peace to grand larceny, but always released on insufficient evidence, yesterday before United States Judge James received the first prison sentence on his record and within a few hours was being rushed East to Leavenworth to serve two and one-half years for illegally purchasing 400 grains of morphine.

Because Rabinowitz pleaded guilty, Judge James reduced the recommendation from the United States Attorney's office of a maximum penalty of five years in Federal prison.

Rabinowitz was arrested in San Francisco apartment-house while a Federal operative was endeavoring to purchase forty grains of morphine, and was accused on two counts—one of sale and the other of illegal purchase. He refused to admit guilt to the second charge.

The convicted man also was investigated for having in his possession a quantity of high value gold coins which he was thought to have been part of those in possession of the Russian crown family. This was proven false and part of them were put up as bail bond for his release after he had entered a plea of guilty.

Collections will be made from mail boxes at Fifth and Spring streets at 9:30 a.m. and 4:30 p.m. to connect with trains accepting mail up to 10:15 a.m. and 9:30 p.m., respectively. This time can be lengthened by nearly an hour by mailing at the Arcade Station.

Mail leaving Los Angeles at 5:15 p.m. connects with a mail plane leaving San Francisco at 6:30 p.m. on the next morning. The pouch should arrive in Chicago the second morning at 7:30 o'clock and in New York at 5 p.m. on the same day, making a schedule of forty-eight hours from San Francisco to New York. To facilitate the movement of the air mail, some of it is sent from Los Angeles to Salt Lake, where it makes quicker connections with the cross-continental plane.

Several contracts were awarded by the Board of Education last night for new buildings and additions to existing schools. The largest of these for classrooms, gymnasium and shop building to Roosevelt High School, to cost \$1,250, Franklin High School will have a new classroom addition costing \$17,658. A new building will be erected on the Vernon Avenue school site at a cost of \$51,251, and Ivinsen school site an addition costing \$42,963.

Charles H. Emmons, director of the Federal narcotic agents, had arranged to take back of narcotics from the peddler. They met him, obtained a small quantity and then placed him under arrest. His reply was a shot from his pistol and it was immediately dodged about in the semidarkness of the alley intersection and the peddler escaped.

**MEADOWS BAIL FOUND FAULTY**

**Attorney Rearrested Until Error is Corrected**

**Client Files Suit to Regain Orange Grove**

**Charges Money Raised on Deed Held as Bond**

Rearrest and a new release of Rush Meadows and the filing of a fraud suit against him by a client were developments yesterday in the case the attorney charged in United States District Court with aiding the sale of stolen Liberty Bonds and illegal possession of narcotics.

The fraud suit was filed by Dr. Franklin Kerr of Garden Grove, Orange county, who demands the return of his ten-acre orange grove, conveyed to Meadows, he says, as security for Dr. Kerr's \$25,000 loan on which he was holding personal funds through the client.

The rearrest came about when

Meadows' bond was found defective and the re-release followed when the defect was cured.

Dr. Kerr's suit was filed at Santa Ana. The complainant against Dr. Kerr is his divorced wife, Dr. Lulu Kerr of Fullerton. Dr. Kerr asserts in his suit that he gave Meadows a right to the orange grove when he was raising money to secure his release from jail and that the understanding was that Meadows was to represent him in court and that the grove was to be returned when the bail was released.

**WIFE COMES TO RESCUE**

The complainant asserted Meadows had borrowed money on the grove and exacted several trust deeds. To clear the title, the suit also names George R. Meadows, Anton Meiser, Charmion Conley, Arthur K. Roemer, W. H. McNeil, Emil Tjaden, the Garden Grove banks and one Los Angeles bank. Besides averring that Meadows had no right to execute the trust deeds, the complainant asserts that Meadows has since admitted that he did not have the power to do so. He has no right to practice law and that consequently he could not have acted as Kerr's counsel.

Meadows' attractive wife again came to his rescue yesterday and came to the County Jail to see the County Jail on bond a second time since his arrest Thursday.

When Mrs. Martha McLain, Mrs. Meadows' mother, was unable to get her son released, Mrs. McLain was rearrested yesterday afternoon at her home, 1128 North New Hampshire avenue. The prisoner's wife immediately placed a \$5,000 bail and was released.

It seems that Fritz, as a wee pup, annexed himself to the neighborhood without the formality of seeking a legal owner. He soon found, however, special attraction in 11-year-old Howard Owens, son of Mrs. and Miss Owens, who plays the drums in the McKinley Junior High School orchestra. Fritz soon learned how to thump the drums with his tail — but that was before it was bopped.

**LOTS ARE OFFERED**

Mrs. McLain and her sister, Mrs. May F. Clavell, last Saturday offered \$70,000 worth of lots near Sherman Park, Los Angeles, to the dog who was again freed. When

it was discovered yesterday morning that, contrary to the bondsman's statement, the land was not "out from incubation," but had been a \$15,000 lot, Mrs. McLain again offered the lots to Howard. Late in the afternoon Mrs. McLain was brought in to explain the situation and she said she had misunderstood what her Commissioner Turner was doing for the accused man's freedom until his examination Thursday.

**REMAINS BOSS OF DOGDOM**

**Canny Canine Has His Day in Court**

Judge awards ownership of dog to family of boy to whom he had attached himself as the source of the best meal.

**Fritz Celebrates Victory in Court by Chasing Bull-dog from Home of His Adoption**

All dogdom around East Fifty-first street knew that Fritz went to court yesterday. And they also know that he is still the leader of the gang.

Fritz is a large black and brown airedale with a marked German police strain whose intelligence has told him that home was where the best meal was handed out. For almost two years Fritz has been the bone of contention between Mr. and Mrs. Samuel E. Owens 1387 East Fifty-first street, and Samuel Green, who lived near by.

It seems that Fritz, as a wee pup, annexed himself to the neighborhood without the formality of seeking a legal owner. He soon found, however, special attraction in 11-year-old Howard Owens, son of Mrs. and Miss Owens, who plays the drums in the McKinley Junior High School orchestra. Fritz soon learned how to thump the drums with his tail — but that was before it was bopped.

**DIDN'T STAY PUT**

All this time, it is said, Green thought the leg was his, so some time ago he sold him. Fritz returned to Howard several nights later at supper time to have two portions of the meal at the same time, trading him for a vacuum cleaner. But Fritz wouldn't stay put — he always came back.

The thickness of this cloak covered about two or three hours of daylight on sixty days of the year. This cloud, flying and disappearing, is the most mysterious phenomenon in this region. It is a fact that nearly all the sunsets are clear and three-quarters of the mornings are cloudy.

"High fog has a duration of about two or three hours of daylight on sixty days of the year. This cloud, flying and disappearing, is the most mysterious phenomenon in this region. It is a fact that nearly all the sunsets are clear and three-quarters of the mornings are cloudy.

"The significance of these figures is that any day schedule of flight training will not feature the night before 8 o'clock in the morning if they plan to maintain a day-in and day-out railroad-time-schedule.

**FEW HOURS IN AIR**

"There are fewer hours in the air in Southern California than in other regions because of the absence of strong ascending and descending air-currents which, of course, are the explanations of the mysterious clouds. The absence of drives and of highly concentrated solicitation is the cause of the lack of time.

"Aerial navigation as a military adjunct is in its infancy and every day sees new developments. Investigation and research has been done on Southern California day after day without interruption by changing weather conditions as is the case in every other locality in the world. It has been reported by speakers that more than eight times the number of air pilots were graduated from Pomona College in 1924 than have been trained in the past five years.

"How can the public aid in making air transportation successful?

**LISTS WAYS TO SUPPORT**

"First by considering air travel as an adventure, not as a well-demonstrated means of modern transportation.

"Second, by using properly accredited aerial transportation companies when desiring quick carriage of themselves or valuable freight.

"Third, by supporting all public measures which have for their object the legitimate use of aircraft in business as the setting aside of public land such as parks for aviation fields.

"Fourth, the forming of the habit of using the air mail in business as the setting aside of the Fourth and Fifth amendment.

"The Federal Circuit Court said that the seizure of the liquor without a search warrant was not unconstitutional and did not affect the constitutional rights of the defendant as the persons who made the seizure were not Federal officers. The Fourth Amendment, the court held, does not apply to cities and against unreasonable searches by the State government.

**STUDENTS IN PAJAMAS AT FIRE RALLY**

**University Boys Climax Campaign for Bond Issue With Spectacular Stunt**

Pajama-clad students of the University of California, Southern Branch, before a crowd of 25,000, last night had the biggest bonfire in the history of the school at the new site in Beverly, climaxing their campaign in interest of the \$700,000 bond issue to be voted on today by Los Angeles.

Following their annual pajama rally, the students fired the huge bonfire on the hillside 150 feet square and fifty feet high. The blazes could be seen for miles around as the flames leaped toward the sky.

As the bonfire died down 700 of the college boys bearing red flares formed a living flaming C on the hillside.

University songs were sung and the students sang and the crowd joined in the cheering.

Alumni from colleges and universities all over the country and living in Los Angeles took part in the celebration.

FRANCE TO PAY  
BANKER STAN

Cheaters—Amusements—Entertainments  
DIRECTION—WEST COAST THEATRES INC.

Paris Institution Head  
Talks About Debt

Rehabilitation is Held  
First Essential

Nation Said to be Pro-  
in Spite of Burden

France has no interest  
paying its debts or rehabili-  
tating its devastated areas," said M.  
Lévy. "It chose to begin negotia-  
tion first, because 26 per cent of their  
revenue comes from the sale of  
waste by war, and immediate  
solution of this section seemed  
important. That left the country  
without funds to take care of  
debt, particularly in view  
that the French reparations  
have been held up, what we are  
on our feet in the American  
obligation met to the last cent."

The banker said relations  
had been almost completely  
broken down and could not be  
commented. "When it is  
advised that 742,000 houses,  
25,000 factories, 4000  
shops and 4000 miles of roads  
have been destroyed by the  
French," he said.

"It would have been logical  
to levy enough taxes to meet  
debt and restoration. As the  
French have not done this  
they should pay the way we  
do. 16.5 per cent of their savings  
by now has increased  
almost 25 per cent."

Mr. Denyer pointed out that  
the bank had been doing well  
despite prospering. "Last year  
we were the first time in fifty years  
our imports exceeded our exports."

The institution of which he  
is the president is now  
at \$60,000,000 francs, while  
according to French statistics  
equivalent to 100 million  
francs, or \$20 million in Ameri-  
can currency.

The banker is in California  
what this part of America  
like. He said he had been  
visited New York and  
first trip to the Pacific Coast.

PLEA MADE  
FOR SCHOOL  
BOARD VOT

Committee Asks  
for All Seven to Pre-  
Any Being "Frozen"

Re-elect the seven mem-  
bers of the Board of  
Education at the polls today!

The request of the  
School Committee, who  
understand the election  
John R. Heman, Arthur  
Robert L. Burns, Elizabeth  
Clark, Frederick R. Fyland,  
Eric Macbeth and Robert A.

While only four candidates  
pose the incumbents, Charles  
Seaman, chairman of the  
committee, urges the public  
so that there will be no  
"frozen out."

"We should show our  
seven men that we are  
re-electing them at the  
polls," Seaman declared. "These  
in the past two years have  
done almost the impossible  
and under the circumstances that  
they have done much harder  
work than those ahead of them and  
everybody familiar with the situation  
must return them all to office."

RUM SELLER SENTENCED  
United States Justice  
Tuesday sentenced T. W. White  
five months to the Orange  
jail for the sale of liquor  
and for possession of  
him \$100 for possession of  
cating beverages.

ELTINGE TO LEAVE STAGE  
FOR NEW CHRISTIE FILM

LEIGHTON WITH LASKY

Eltingen Leighton, one of the  
screen's foremost characterizers,  
will soon be seen in one of the  
most hilarious feminine portrayals  
of the current season. The new  
Leighton role proves the comedy  
star in "In Name Only," a  
Lasky picture featuring Ricardo  
Cortez and Grace Nissen.

Miss Leighton plays the neuro-  
tic mother whose amusing an-  
ticipations in matrimony hold the  
title to her very popular characterization of Ma Pet-  
tingill in "Ruggles of Red Gap."

Miss Leighton has led in feminine  
screen comedy for fifteen years,  
and was a feature member of the  
original Selig company.

**POLICE HUNTING MISSING BROKER**

**S. J. Mustain Charged With \$100,000 Stock Fraud**

**Julian Brings Complaint; Claims \$7000 Loss**

**Ship Lists for Orient Are Being Scanned**

Leaving in his wake hundreds of persons who had trusted him with their savings to invest in oil stocks, Samuel J. Mustain, stock broker and former Army aviator, has fled from Los Angeles with approximately \$100,000 of embezzled money. It was charged by Captain D. A. Jones, yesterday, after issuing a complaint for the broker. The affairs of Mustain were brought to light when C. C. Julian, former president of the Julian Petroleum Company, appeared in the District Attorney's office complaining against Mustain. Julian, himself, it was revealed, lost \$7000 he loaned to Mustain on the understanding that he would have fed Julian told Jones.

**COMPLAINT ISSUED**

After hearing the story of Julian and others, Jones issued a complaint charging Mustain with seven counts of embezzlement. Investigation disclosed that he retained in the Spreckels Building, raid on the offices Mustain maintained on Hill Street, and the books he recovered showed that several hundred people among Mustain's clients, it was declared.

According to Jones, the stock broker's plan of action was simple—lend money to stockholders to be held as security at a certain rate of interest. However, hardly had his clients left his office before he resold the stocks and pocketed the amount he was charged. In some instances, it was declared, the stock owners had even paid up the amount in installments they had borrowed and should have had their money returned to them. Mustain, it was said, put his own valuation on the stocks and then would loan up to Julian's interest, Jones declared, deeper than his missing \$7000. It appears that much of Mustain's business was largely Julian's since most of Julian's money was borrowed on the part of Julian's clients to buy more Julian security.

**NO TRACE FOUND**

Mustain, as far as can be ascertained, began his operations, Jones said, about January 1, 1924, and continued until April 18, when he disappeared after cleaning up on an unusually heavy day's business. While no trace of him has been found, there is still hope that he may be found in one of the many passenger lists of steamers for Japan or some other oriental port.

From J. H. Williams, who was employed on the investigation, learned of most of Mustain's methods of operation and what little of his past yet remained.

Williams also told the Deputy District Attorney that Mustain was formerly an army aviator, and during his service met and became intimate with many wealthy people from whom he obtained his money, some from a family of moderate means, his mother and sister living near Los Angeles.

Six of the seven counts charged against Mustain arise from seven deals which he is said to have had with different persons. Their names were listed as Pearl Whist, Giselle, Justin, Mitche, Emily Hubhausen, Albin W. Deemar and F. W. Avery, the latter, it is believed, being the Julian. Mustain's preferred and largest share of petroleum stock in the Julian Petroleum Company valued at \$16,000.

The State Corporation Department has made an application on Samuel J. Mustain for renewal of his 1924 broker's license. The application was held up when it was presented in January, last, because of an investigation of Mustain's affairs then in progress.

**Boy Thrown Off Motorcycle Dies in City Hospital**

A fall from a motorcycle caused fatal injuries yesterday to Patrick Boyle Wood, 14 years of age, youngest son of H. L. Wood, associate editor of the *Los Angeles Times*, on North Flower streets. He was riding on the rear seat of a motorcycle driven by G. Mancinelli, of 1937 Olive, near the Los Feliz Hospital. Mancinelli had to make a sudden stop to avoid a collision and his machine skidded. Both boys were thrown off but the driver, with his hands full, The boys were taken to Receiving Hospital by Tommy O'Brien, a golf player, who was returning from Griffith Park. Young Wood suffered a skull fracture and internal injuries.

**Man Bruised in Collision Due to Split Switch**

In a crash between a Pacific Electric freight car and a Los Angeles Railway car of the Old Line in front of the Main-street station, a man, identified as injured, was knocked from the rear step to which he was clinging. He was treated at Gold State Hospital for bruises. He gave his name as Cleveland Nicholson.

Other passengers were shaken by the crash and some glass was broken both cars. The cause of the accident, according to police report, was the splitting of a switch by the front truck of the Pacific Electric car which ran into the rear of the Los Angeles Railway tracks. Traffic was delayed about forty-five minutes.

**His Trouble with Dyspepsia**

"John did you ever have trouble with dyspepsia?" "Only when I tried to spell it," replied John, who happens to be in this case an employee of the Department of Public Health.—[Exchanges.]

We will pay \$1.00 for each story printed, relating shopping experiences of our friends! This applies to experiences published in our ads only.

"I was at a loss to know what to send to a friend back east. While in your store I chanced upon a display of new artwork and purchased a stamped garment. In one day I had completed the simple but effective design and mailed my gift. In less than two weeks not only did I receive a letter of thanks, but a request from several of the ladies in the town, for five more garments of the same model.

For telling us this story Mrs. Jos. C. Thelmann of 1411 South New Hampshire, will receive a check for \$1.00. Write us your experience.

**\$17.50 to \$22.50 Dresses Wednesday at \$1**

This Advertisement for Wednesday—Not Today!

You'll Agree That Values Like These Happen Just About "Once in 50 Years"

**\$7.50 Hats \$5.55 Reduced to****\$7.50 Hats \$5.55****Reduced to**

They've been in stock only a short time—and yet down comes their price for Wednesday to \$5.55. To these we've added some brand new ones. Just being unpacked!

You'll find a tremendous assortment of hats both large and small!

Third Floor—North Building—Jacoby's

Free Parking  
at Mutual Garage, 4th and Olive

**Japanese Parasols, 50c**

Every one first quality—even though they do carry such a sensationally low price! In bright, cheerful colors—"Japanese" in their oriental designs!

Main Floor, South Building—Jacoby's

**Bed Lamps, Like Picture, \$1**

Three styles! Extraordinary values that you will only appreciate when you see them—and better see them early!

Fourth Floor, South Building—Jacoby's

Watch the Windows!  
They're full of bargains.

**500 Bridge and Floor Lamp Standards, \$3.50**

Floor and bridge lamp standards in a variety of finishes. Every one properly weighted and fitted with ball-bearing double adjustment and double chain pull sockets. Such outstanding values that we make an extra charge for delivery.

Fourth Floor, South Bldg.—Jacoby's

**Leather Bags and Imported Beaded Bags, Wednesday, \$1.95**

Tremendously underpriced, every one—and there's just about every style and color a body could imagine! The leather bags are in swagger and underarm styles. Some with imitation Florentine toolings, others with hand lacings, all well lined. Underarm vanity boxes in patent and cobra finishes. The beaded bags are drawstring styles with bead fringe, well lined.

**Rubber Reducing Brassieres, \$1.00**

Their manufacturer realized the importance of celebrating fifty years in business—hence these wonderful rubber brassieres at \$1.00. Made of an excellent quality, flesh colored, rubber in a long-line, back-fastening style! Small, medium, and large sizes!

**\$5.00 Rengo Belts \$3.69**

The headline tells the whole value story! These famous corsets are made of pink brocade in a low bust style with elastic at front waistline! Long hips and reinforced across front! All double boned! Sizes 24 to 32.

**\$1 & \$1.98 Corsets 75c**

These are made of pink coutil, in a low bust long hip style. Reinforced across the front. Extra well boned. Sizes 26 to 32.

Second Floor—North Building—Jacoby's

**Wednesday! Scores & Scores Pocket Knives, a Sale, 69¢**

Why, values run all the way from \$1.00 to \$2.50, if you please! Women's knives, children's knives, knives for boys both large and small—truly a wonderful assortment! Many, many different shapes and kinds of handles! Count on buying several for that's what you'll do, when you see them!

Main Floor—North Bldg.—Jacoby's

It's all in the Sanford pattern. Included you'll find: teaspoons, soups, tablespoons, ice teaspoons, cream ladles, berry spoons, vegetable servers, salt forks, knives and forks, fruit knives, butter knives and sugar shellers.

**Such a Sale!**

## WHY POSLAM HEALS SKIN SO QUICKLY

A very little spread over the irritated skin stops the itching, burning and smarting right away. Then the gentle, wonderfully healing medication in Poslams begins to work. With the irritation gone, the skin is at rest. It is ready for Poslam to check the inflammation and clear away the eruption. At all druggists, 50c.—[Advertisement.]

From School Teacher To Great Eminent

A young man who was brought up on a farm in Western Pennsylvania studied diligently and qualified for district school teacher, he managed to save up enough money to pay the high tuition college. After the Civil War, he began the practice of medicine in the new oil section of Pennsylvania, and often rode horse-back thru the woods to reach and relieve those who were seriously ill. He was a student of nature, knew and could easily recognize most of the medicinal plants growing in the woods.

Later, he moved to Buffalo, N. Y., where he launched his favorite remedies and, in a short time, had a well-known reputation. Dr. R. V. Pierce is known throughout the world. His Golden Medical Discovery is the best known blood medicine and tonic. More than fifty million bottles have been sold in the U. S. If your druggist does not sell the Golden Medical Discovery, in liquid or tablets, you can obtain a trial pkg. of tablets by sending 10c to the Dr. Pierce Clinic, in Buffalo, N. Y.—[Advertisement.]

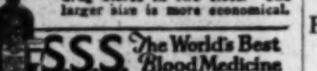

How to get rid of them.

WHY ENVY A CLEAR, LOVABLE complexion? Why not help it within your reach?

There is always one quick and sure way to make your complexion free from all eruptions, pimples, blackheads, boils and that impossible muddiness. That is by building up your red-blood-cells. S.S.S. will do it for you! Because S.S.S. does build red-blood-cells, it cures acne and makes those so-called skin disorders impossible to exist. S.S.S. contains only pure vegetable medicinal ingredients. It is also a remarkable builder of firm flesh, which is also important to beauty. It will fill out your hollow cheeks, put the "Ruby" sparkle in your cheeks and the sparkle in your eyes. Since 1925 S.S.S. has been beautifying complexions and giving women physical charm. This is why S.S.S. is accepted as the greatest of all blood cleaners and body builders. Begin taking S.S.S. today and give yourself what you have been looking for, for it is good.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

## Just A Touch Of Ice-Mint. PRESTO'

Corns Wither and Lift Out With Fingers. No Pain.

Corn sufferers gather round; get right up close and listen, here's news for you. The new genuine "Corna Killer" is here at last. No burning, no stinging, no pain. Just a touch of the soft, cool, moist, non-soreness, either when applying it or afterwards and it doesn't even irritate the surrounding skin.

It just makes the corns feel swollen, aching, burning feet glow with cooling comfort.

It cures soft corns or corns between the toes, also toughened calluses just shrivel right up and lift off easily without hurting.

Even foot sufferers can appreciate a treatment like this, especially women who wear high heel shoes and men who are obliged to stand on their feet all day.

Try it. Just ask in any Drug store for "Ice-Mint Presto". Get it and learn for yourself what soft foot comfort really is. There is nothing like it.—[Advertisement.]

## MEXICANS WILL CELEBRATE HERE

"Cinco de Mayo" Holiday Like Independence Day

Two Local Gatherings Will Observe Puebla Victory

Consul to Speak; Musical Program is Arranged

The "Cinco de Mayo," Mexican national holiday, will be celebrated here tonight at two gatherings. The Mexican troops under Gen. Zarazaga on May 5, 1862, defeated the French under Emperor Maximilian in the battle of Puebla, and the event is celebrated with equal importance with the Mexican independence day (September 18) since by the battle of Puebla Mexican independence was secured.

A musical and literary entertainment will be given tonight at the Knights of Columbus Hall, 612 South Spring street, under auspices of Balboa Grove (Spanish speaking) of the United Ancient Order of Druids. B. A. Almada, commercial attaché of Mexico, will preside, and the consuls general of Spain and the other agencies of the Latin American republics will be present. Mrs. Emilia Leavalli, operatic singer, and manuel Millet, Mexican harpist, will be featured. The program will be directed by Rafael Gama will furnish a musical program and music for dancing. Brigido Caro and Antonio Castellanos will make short patriotic addresses.

The gathering will be at 7:30 at the Y.W.C.A. branch at 425 South Olive avenue. Rafael Aveyela, consul of Mexico, will speak and later attend the meeting in the Knights of Columbus Hall. There will be a literary and musical program and dancing.

## PLAN FAIRY PLAY FOR CRIPPLED TOTS

In the fifteen years since the founding of the Los Angeles Orthopedic Hospital School the crippled children within its walls have been guests at a public American Legion dinner. The event will no longer annoy, for this day Miss Ethel Ransome, English actress and pantomimist, will present pantomime and musical program at the Gamut Theater especially for the Orthopedic youngsters facing life with physical handicaps.

The pantomime, "Pinkle and the Fairies," will feature several acts by the stars of the Muriel and Rafael Frances Dana playing the role of fairy queen. The part of Pinkle will be taken by Nancy Lee, dancer. The program will be followed by a musical and pantomime program at the Gamut Theater especially for the Orthopedic youngsters facing life with physical handicaps.

Miss Ransome, who is responsible for the kindly thought, will be a personal guest at the dinner production and will also direct the two-score tiny actors and actresses—the little children on the stage as a physical contrast to the happy little people in audience. Mr. W. Dodd, manager of the Gamut Theater, is offering the use of the playhouse without charge, and all incidental expenses will be borne by one of the most prominent theatrical men in Southern California.

There is only one handicap to the program as it is now being planned—a lack of transportation for the crippled youngsters to and from the theaters. Members of the Federation of Women's Clubs are being asked to lend the use of their cars to the affair.

The request is as generous as expected another hour of happiness will be provided for each child. Club members are asked to contribute in any manner as are asked to telephone the Orthopedic Hospital School, Westmoreland, 2311, for details.

## BOB WILCOX CASE UP TO PROSECUTOR

Criminal Action on Film School Charge Urged by Labor Department

A recommendation that criminal prosecution be started against Bob Wilcox for his asserted operation of the Hollywood Studio Exchange at 634 South Olive street, without a license, was made by the State Labor Department yesterday to the City Prosecutor's office. The action follows a hearing before Special State Labor Commissioner Lowy to investigate complaints filed against Wilcox by several of his "students."

It is charged that Wilcox through the school collected fees from persons anxious to get into films on promise of securing them jobs. Several witnesses testified yesterday to this effect but said they had been promised no work as a means of getting around the labor laws.

The students told the department that they were described as "just that type" needed in the films and that after they had registered they were required to purchase a license for \$2.00 at one designated place.

The Dawson's had both been ill from a complication of diseases and death came in the result of complications from which they had not the strength to rally. They were both 55 years of age and had been residing in Los Angeles for ten years.

They are survived by sisters and brothers in St. Paul, Tacoma and Portland. Mr. Dawson had been engaged as a contractor and builder. Interment will be made in St. Paul, Minn.

## BURGLAR OF STORE GETS PRISON TERM

Just off the press—an authoritative United States map in five colors, 21 by 28 inches, large enough to be clear, small enough to be convenient. It gives population of States, distances between large cities, time belts, rank of the largest cities, photographs of the President, his Cabinet, and other data.

To obtain a copy, write name and address clearly on the coupon, inclosing 2 cents in stamps for return postage. Send to: Times Los Angeles Information Bureau, Washington, D. C. To avoid wrong delivery at Washington, use full address as given. Do not send to: The Times Los Angeles office.

## BANK DRESSES FAIR HELP WHILE DUST FLIES

Extensive alterations to the Trust and Savings Building has resulted in a hardship on the spic and span appearance of the women employees of the Pacific-Southwest Trust and Savings Bank in the shape of soiled dresses hence the smocks which have been issued by the management to fair wear of new clothing fibers. Muriel Noyes, Gladys Lay, Louis Stevenson, Kathryn Osborne, Athene Sutcliffe, Hazel Casler, Phyllis Barton and Pearl Anderson, reading from left to right, are displaying the smart new overdresses.

## LIFE-SAVING CLASS WILL OPEN TODAY

Red Cross Training is to Fit Men for Boy Scout Leadership

A training school in life saving and first aid will be opened at Bimini Baths by W. E. Longfellow of Washington, associate director of branch of Red Cross service, this evening. It was announced by Longfellow at the class yesterday. W. E. Carroll of San Francisco, in charge of Red Cross life saving and first-aid work in California.

"The specific purpose of this training, which is free of charge and will continue a week, is to fit men for Boy Scout leadership," said Mr. Longfellow. "It will be devoted especially to instruct the men in how to prevent loss of life from drowning. Lessons will be given every evening from 7 to 10 o'clock."

The life-saving and first-aid branch of the Red Cross service now numbers a membership of 6,000 throughout the country, Mr. Longfellow said.

Mr. Longfellow stated that due to the training in life saving carried on by the Red Cross and other organizations, the annual number of death from drowning has not increased during the last ten years, though there are ten times as many persons indulging in outdoor bathing at this time as there were a decade ago.

Officer Rodman was passing the woman's yard today when he spied the naked Venus reclining, quite unconscious, on the grass. Officer Rodman stopped and asked her if she was from the Farmers-Lasky Corporation. She had offered her services to the former for attempting to bribe the former Prohibition Agent Dolley, went swimming last night, when discovered from Washington, decided the United States Supreme Court yesterday refused to interest itself in her plea that the sentence was excessive and that a single offense had to be considered on twenty-one different counts.

Orsatti was arrested here in July, 1922. J. H. Johnson, formerly an executive of the Burns Detective Agency, was taken into custody at the same time. He was charged Johnson, at Orsatti's instigation, approached Dolley and asked him to fix a date for his release. Dolley accordingly complied with the consent of the United States District Attorney and sentenced him to a short term for his part in the conspiracy.

Officer Rodman is not only a venereal police officer, but fought in the Philippines. Six years ago he was promoted to the rank of captain. He did not see me and I just can't get up in tap her on the shoulder," Rodman told his chief.
